

Changes to drug and alcohol treatment services

Solent Healthcare

Hampshire Operational Model for Effective Recovery

From 1 April 2011, drug and alcohol services in Hampshire will be changing. Solent Healthcare, in partnership with CRI, will be delivering an integrated drug and alcohol county-wide service.

This service aims to enable people to reach their full potential as individuals and community members. Individuals will be encouraged to make positive changes and to lead meaningful and purposeful lives. Peer mentors will be available to assist people on their recovery journey and ensure service users have an active voice in the community.

The service will provide information and support for:

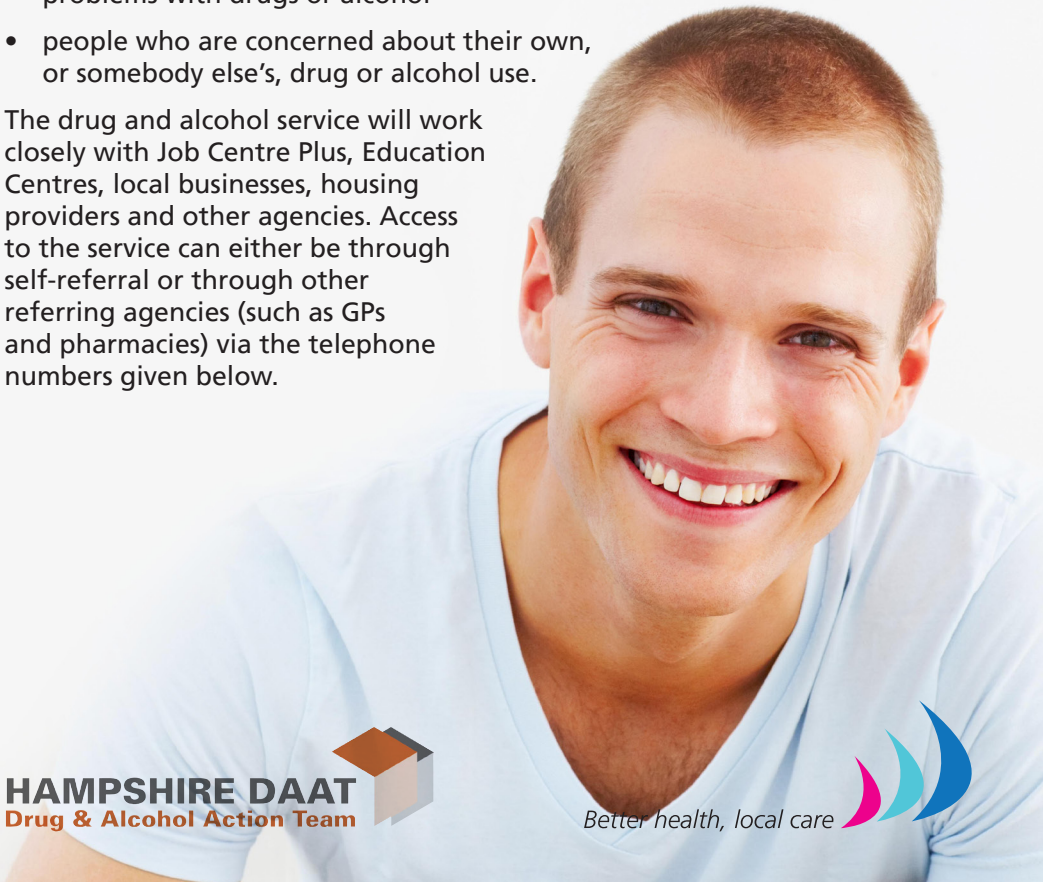

- adults and young people (who are over 18) in Hampshire experiencing problems with drugs or alcohol
- people who are concerned about their own, or somebody else's, drug or alcohol use.

The drug and alcohol service will work closely with Job Centre Plus, Education Centres, local businesses, housing providers and other agencies. Access to the service can either be through self-referral or through other referring agencies (such as GPs and pharmacies) via the telephone numbers given below.

HAMPSHIRE DAAT
Drug & Alcohol Action Team

Better health, local care
